

Canadian Aero Manufacturing Replacement Parts List

Document: CA-C-01-PC Effective date: July 17, 2007 Rev: D4

This applicability list is approved by PDA01-11 Issue 2 **Note to users of this applicability list:** The part numbers shown on this list are eligible for installation on the engines as shown. However, because of the many airframe manufacturer's options certain parts shown as applicable on this list for a particular engine many not be applicable to that engine if it is installed in a particular airframe. The appropriate Continental parts manual and airframe parts manual must be consulted for complete applicability information.

Parts Design Approval

This approval is issued to:

Number: PDA01-11

Canadian Aero Manufacturing

Issue No.: 2

2648 Ego Sideroad R.R. #3

Approval Date: March 9, 2001

Orillia, ON

Issue Date: November 9, 2001

L3V 6H3

Responsible Office:

Ontario

Aircraft/Engine Type or Model:

refer to Canadian Aero Manufacturing Replacement Parts List

Canadian Type Certificate or Equivalent:

refer to Canadian Aero Manufacturing Replacement Parts List

Description of Type Design Change:

Accessory Replacement Parts for Continental Engines

Installation/Operating Data,

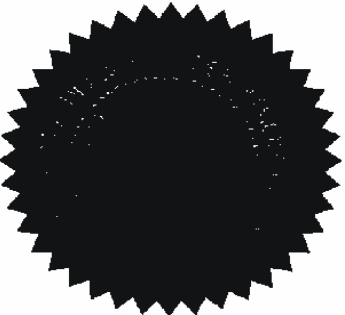

Required Equipment and Limitations:

Installation of the replacement parts must be in accordance with the Installation instructions as described in eligibility list number CA-C-01, Revision A, Transport Canada approved 9 November 2001, or later approved revisions.

All Parts are to be maintained in accordance with the Instructions for Continuing Airworthiness as listed in eligibility list number CA-C-01, Revision Original, Transport Canada approved 9 November 2001, or later approved revisions.

-- End --

Conditions: This approval is only applicable to the type/model of aeronautical product specified therein. Prior to incorporating this modification, the installer shall establish that the interrelationship between this change and any other modification(s) incorporated will not adversely affect the airworthiness of the modified product.
